## 5K

### HIGH VISUAL FIDELITY

Visualize, share and explore ideas with brilliant clarity. Bring out the finest details with a combined resolution of 4896 x 2448 pixels.

### LARGE FIELD OF VISION

A wide 120° field of vision (FOV) expands the VR viewing experience. The angle aligns with your vision, allowing you to see more naturally.

### WIRELESS EXPERIENCE

Increase visual comfort in graphics-intensive applications with a 120 Hz refresh rate. Vive Wireless adapter compatible

## PREFERRED USES

- + Training
- + Simulation
- + Engineering

### INO-VR PRODUCT COMPATIBILITY

- ✂ Shift
- ✂ All-In-One
- ✂ Desktop
- ✂ Laptop
