## ABOUT THE HEADSET

Introducing the powerful and multi-purpose Vive XR Elite mixed reality (MR) headset. It offers a resolution of 1920 x 1920 pixels per eye, for outstanding image clarity in a compact design. The 90 Hz frame rate guarantees a smooth display. The rear-mounted battery can be removed for a variety of uses. Can be used in stand-alone or desktop mode (cable included).

## WHAT'S INSIDE THE BOX

- ✂ HTC VIVE XR Elite headset
- ✂ Battery cradle
- ✂ 2x controllers and cords
- ✂ Microfiber pouch
- ✂ Top strap
- ✂ Type-C to Type-C cable
- ✂ 2x Type-A to Type-C cable
- ✂ Lens protection card

### FINELY-TUNED VISION

Adjust the IPD to your eyesight to enjoy a clearer, more natural and detailed visual experience. Thanks to the adjustable diopter, users can fully enjoy a virtual experience without having to wear their glasses.

### REMOVABLE BATTERY

Enjoy 2 hours of continuous VR power with a removable battery. Adjust it for comfort or remove it for lightness. The battery is hot-swappable. Requires an 18W alternative power source.

### POWERFUL MIXED REALITY

Explore a world of entertainment fusing virtual and real reality with remarkable precision. Four tracking cameras and a high-resolution RGB camera ensure impeccable tracking.

## PREFERRED USES

- + Remote collaboration
- + Marketing and design visualization
- + Training
- + Therapy
- + Learning/Education

### INO-VR PRODUCT COMPATIBILITY

- ✂ Shift
- ✂ All-In-One
- ✂ Desktop
- ✂ Laptop
- ✂ Smart'Case One
- ✂ Smart'Case Multi

### MINIMUM PC SYSTEM REQUIREMENTS\*

- ✂ CPU: Core™ i5-4590 or AMD Ryzen 1500 or higher
