## WHAT'S INSIDE THE BOX

- ✕ Meta Quest 3 headset
- ✕ Charging cable
- ✕ AC adapter
- ✕ 2x Touch Plus controllers, wrist straps and 2x AA batteries
- ✕ Standard pre-installed face protection

### MIXED REALITY

Enjoy an ever more realistic MR experience, thanks to two color cameras and a depth sensor that scans your entire environment.

### NEW PROCESSOR

The Meta Quest 3 is the first MR headset to feature the Snapdragon XR2 Gen 2 chip, one of the most powerful and efficient on the standalone VR market.

### PANCAKE LENSES

Not only do you benefit from an extended area of clarity and a sharper image, but also from a headset design which is 40%\* thinner and lighter than its predecessor.

## PREFERRED USES

- + Remote collaboration
- + Marketing & design visualization
- + Training
- + Learning/Education

### INO-VR PRODUCT COMPATIBILITY

- ✕ Shift
- ✕ All-In-One
- ✕ Smart'Bag
- ✕ Desktop/Laptop
- ✕ Smart'Case One
- ✕ Smart'Case Multi

### MINIMUM PC SYSTEM REQUIREMENTS\*

- ✕ CPU: Intel i5-4590, AMD Ryzen 5 1500X or higher
- ✕ GPU: Nvidia GeForce® RTX 20 Series (Turing) or AMD Radeon™ 5700 or Quadro P5200
- ✕ RAM: 8 Gb or more
- ✕ OS: Windows 10 or 11
