ABOUT THE HEADSET

The PICO G3 Plus is a 3DoF VR headset designed for businesses, with the new X2 chipset, 256GB of storage and an adjustable silicone strap. It offers better performance, a vivid display, improved battery life and a higher refresh rate. Its PICO OS system ensures a smooth, immersive VR experience.

WHAT'S INSIDE THE BOX

- Pico G3 Plus headset
- Motion controller
- Charging unit
- USB-C cable
- Microfiber cloth
- Instruction manual

PROFESSIONAL USE

The PICO G3 Plus, with Snapdragon™ XR2, 6GB RAM and 128GB storage, offers a smooth experience for business. Compatible with Unity, Unreal, OpenXR and WebXR for easy VR development.

HIGH RESOLUTION

The PICO G3 Plus features a 4K display (3664 x 1920 combined) at 773 PPI, with refresh rates of 72Hz and 90Hz for an optimized visual experience.

GLASSES FRIENDLY

The PICO G3 is designed to adapt to the use of glasses without causing additional pressure on the face, making the VR experience all the more accessible for users who need to wear prescription glasses.
